„Choose your individual SEDA Container System and call us to get more information about the mobile stations we can offer you!“

Mobile scrap car drainage system

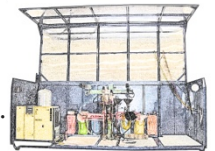

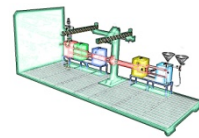

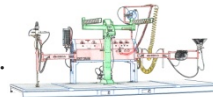

If a fixed station is not needed regularly, a SEDA Mobile Drainage System (MDS) is the perfect solution.

SEDA's MDS series offers many opportunities. The MDS2 is one of it and is available in three different versions:

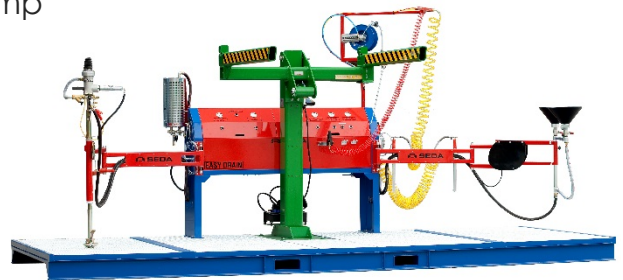

MDS2

- Platform ...
- L-Container
- Container with a roof.....

A lot of different variations available!

Example:
MDS2 Platform with vehicle ramp and EasyDrain
