

World leader in vehicle  
de-pollution technology

## SEDA All-In-One Solution

P-528242

### Drainage and Dismantling System

Variant with steel frame for fixing  
the rail system.

### + Your benefits:

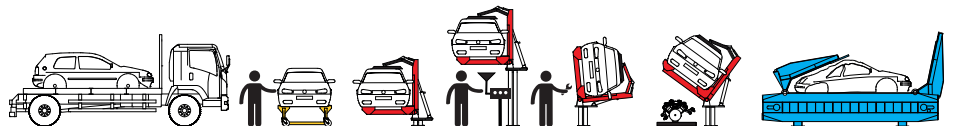

- Draining and disassembly in one place
- Forklift-free loading and unloading with the SEDA trolley
- No need to move to another stage
- High ergonomics thanks to optimal working heights and ideally positioned tools
- Increases safety by reducing forklift traffic

Version without steel frame when  
the rail system is fixed to the  
building ceiling.
