

World leader in vehicle
de-pollution technology

SEDA TruckStation Mobile A-51077

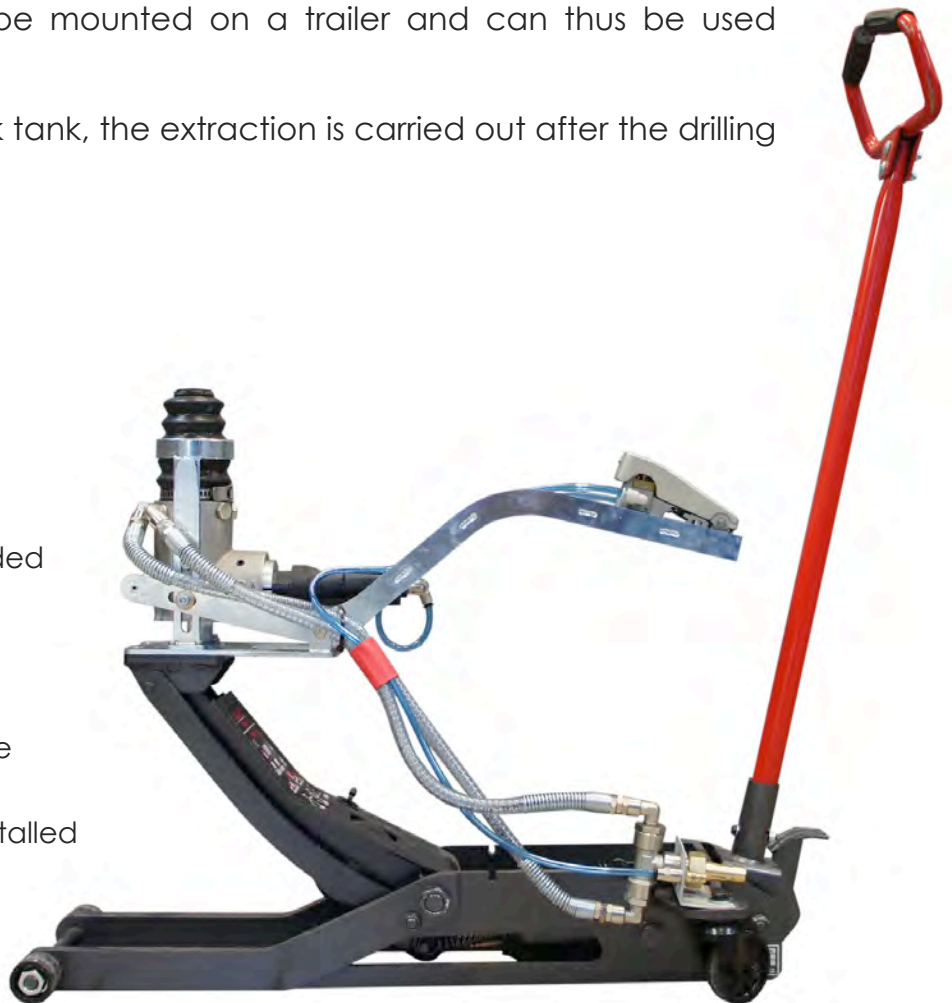

For trucks, buses and other heavy vehicles SEDA developed a new solution, designed specifically for junkyard operators.

The entire station can be mounted on a trailer and can thus be used almost anywhere.

Adjusted under the truck tank, the extraction is carried out after the drilling automatically.

+ Your benefits:

- ✓ Complete system and installation on the trailer
- ✓ Usable everywhere
- ✓ No lifting equipment needed
- ✓ Explosion proof drill (ATEX)
- ✓ Drip-free suction under vacuum
- ✓ Complete emptying of the tank
- ✓ All connections are preinstalled (Quick coupling)

SEDA-Umwelttechnik GmbH

Schwendter Str. 10 / A-6345 Kössen/Tirol/Austria

World leader in vehicle de-pollution technology

SEDA TruckStation Mobile A-51077

Mobile Truck De-pollution System

Easy fixing
at the tank ...

... and simple drilling

Fix-mounted hose reels

Hose connections with
quick release

The vehicle must not be raised, thus the mobile tank drill can be used anywhere without any trouble.

+ Other benefits:

- Specifically designed for trucks
- Integrated strainer
- Optional: Fuel quality control
- Industrial hose reels
- High quality workmanship
- Clean & safe
- Compact dimensions

About 10 minutes
drainage time per
vehicle

TECHNICAL DETAILS

Working range of the drill:	340 – 760 mm
Air pressure:	8,5 bar – 1.100 l/min
Air consumption:	1.200 l/min
Drainage time:	appr. 10 min/vehicle*
Fluid drainage:	Diesel: 17 l/min
Storage tank:	600 l
Petrol compressor:	20 kw
Hose reels:	2 x 8 m
Size trailer :	3 x 1,8 x 0,5 m

ORDER INFORMATION

A-51077 TruckStation Mobile
Mobile truck de-pollution system (no lifting equipment needed)

Optional accessories available on request.

* It depends on the car setup and in-plant flow of operations.
