

World leader in vehicle  
de-pollution technology

## SEDA Working platform

N-527222

## Movable Working platform

Practical storage areas for tools  
and equipment

The easily adjustable staircase ensures that vehicles of all sizes can be drained with ease and the raised platform enables simultaneous drainage from above and below the vehicle. The protective barrier all around the structure protects against the risk of falling.

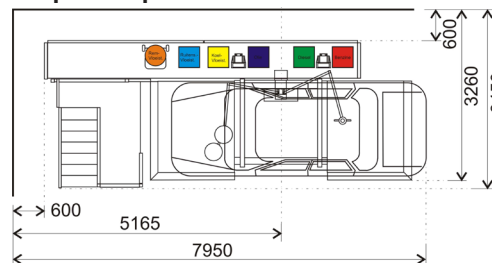

### Your benefits:

- Simultaneous drainage from above and below
- For all types of vehicles
- Safety anti slip gratings
- Movable staircase
- Specially developed for ELV vehicle recycling
- Safe and enclosed upper level

### TECHNICAL DETAILS

#### Required space:

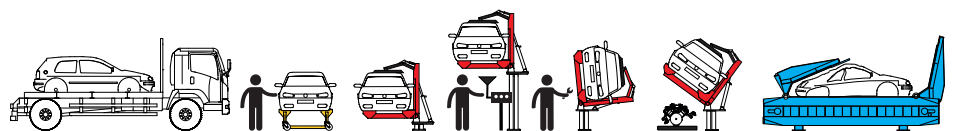

### ORDER INFORMATION
