**BrakeHosePliers**

### Accessoires for Drainage Systems

#### BrakePipePliers

Order number: **S-55000**

#### BrakeHosePliers

Order number: **S-55010**

If a break nipple tears off or is damaged and an opening is impossible, the SEDA Brake Pipe Pliers (for metal pipes) or the Brake Hose Pliers (for rubber hoses) can be used instead.

**Optional: Alarm module**

#### Overfill protection

Al-Tank **N-526110**

All-Tank **N-526100**

Confirm unit **N-526038**

Alarm module (acoustically/visually) **N-526052**

The overfill prevention device fulfils the requirements of the German Water Resources Act (WHG). It provides a standalone solution.

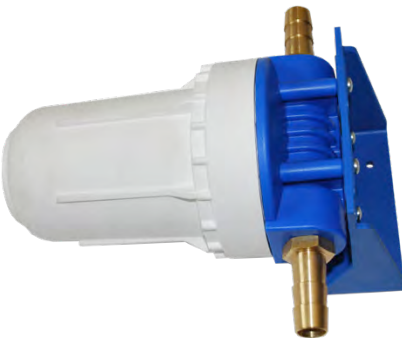

**FlameArrestor**

#### FlameArrestor

for 1/2" - 1" Pipes: **L-519074**

Approved as an in-line flame arrestor (EN ISO 16852), it absorbs the heat of a flame by quenching the temperature below ignition point, preventing a flash-back of potentially explosive vapor-air and/or gas-air mixtures.

**Windshild Washwater Filter**

#### Windshild Washwater Filter

Retrofit filter to clean the washwater of particles: **S-50130**

By using this filter results in a resale possibility of the purified water. The 3/4"-Filter can be integrated by easy installation in existing systems.

Refractometer for measuring quality
